

# Is Your Energy Bill Too High?

COMMERCIAL  
ENERGY  
SAVINGS

*Do you need to upgrade your heating system? Looking to reduce your business's greenhouse gas emissions? Not sure where to start?*

## We're here to help.

Businesses and public agencies in San Luis Obispo, Santa Barbara, and Ventura Counties are eligible to participate in our Commercial Energy Savings program.

### **We offer Free Personalized Support! 3C-REN will:**

- Meet with you about your energy goals
- Provide you a menu of your personalized program options, incentives, financing options, and more
- Connect you with the right people
- Provide ongoing guidance and support

## Discounted Projects from Enrolled Contractors

*Work with an enrolled contractor program to access discounts on your upgrades.*

Heating and cooling systems

Electrical upgrades

Lighting Improvements

Refrigeration

Water heating

Technical support and more

We can match you to one of our experts and support you through the project process.

### How do I participate?

Fill out an interest form at:  
[3c-ren.org/commercial/#interest-form](https://3c-ren.org/commercial/#interest-form)

### Already have a contractor?

Encourage them to enroll here: [3c-ren.org/contractor-participation/](https://3c-ren.org/contractor-participation/)

# Program Benefits

1. **Customized care** – Our commercial concierge will work with you to identify and stack any eligible rebates and programs so you can maximize your savings potential.
2. **Short-and long-term savings** – Energy efficient upgrades reduce operating and maintenance costs for your business.
3. **Referrals** – We can match you with our enrolled contractors to ensure you work with the right expert for your project at the best price.
4. **Customer and employee comfort** – Energy upgrades can enhance heating and cooling and improve air quality to make your business safer and more comfortable.

**3C-REN** (The Tri-County Regional Energy Network) is a partnership between San Luis Obispo, Santa Barbara and Ventura Counties. 3C-REN takes a holistic approach to improve energy efficiency and develop the workforce in the tri-county region. These efforts reduce energy use, strengthen local job markets and support climate goals.
